PROFESSIONAL EXPERIENCE

Senior Graphic Designer

Zeed Agency | 1 year

Performance marketing agency offering advertising creative production for brands in Saudi Arabia and the UAE.

Team Leader

Jayaad Agency | 2024 - Present

- Lead graphic designers, video editors and motion graphics specialists across client projects.
- Translate client briefs into actionable tasks; coordinate design, content and production teams.
- Manage assignments and delivery through a CRM system, using KPIs to evaluate quality and team performance.

General Manager

Glitch Adv | Nov 2025 - Mar 2026

- Led the agency rebrand and refreshed its social media strategy and brand positioning.
- Redesigned the client delivery cycle and connected internal teams through an ERP-like workflow.
- Built HR and performance management processes, including employee records, payroll, policies and KPIs.
- Integrated AI services into the agency offering and expanded its portfolio with premium design projects.

Senior Graphic Designer

TAR Company | 2024 - 2025

- Developed advertising visuals and maintained a consistent visual identity across campaigns and marketing materials.
- Partnered with marketing teams to translate campaign objectives into cohesive creative concepts and executions.

PROFESSIONAL EXPERIENCE / CONTINUED

Graphic Designer

ALMLOUK E-Commerce | 2023 - 2024

- Created brand identities, logos and visual systems from concept through final delivery.
- Designed creative assets for healthcare, electronics, furniture, beauty and food brands.
- Managed concurrent client projects while maintaining design quality and delivery deadlines.

Graphic Designer

Glitch Adv | 2022 - 2024

- Developed integrated campaign visuals, logos, social media content and digital ads for restaurants, clinics and retail brands.
- Produced promotional videos and motion graphics to support digital marketing campaigns.
- Collaborated with content and marketing teams to keep messaging and brand presentation consistent.

SELECTED DESIGN WORK

Brand identities, packaging, catalogs and digital campaign assets for regional and freelance clients across Egypt and Saudi Arabia, spanning food, technology, beauty, fashion, furniture and tourism.

TRAINING & WORKSHOPS

Workshop Facilitator | AI in Advertising Design - ART OF AI

Led a 3-hour workshop for a multidisciplinary media team on generative AI for advertising, covering Adobe Firefly, DALL-E, Midjourney and Stable Diffusion.

AI, AUTOMATION & WEB DEVELOPMENT

Generative AI: ChatGPT, Higgsfield, Magnific, Midjourney, Adobe Firefly, DALL-E and Stable Diffusion for content creation, ideation and image enhancement.

MCP Automation: Build Model Context Protocol (MCP) integrations and autonomous workflows that connect AI tools and generate content without manual intervention.

AI-Assisted Development (Vibe Coding): Build and deploy websites and web apps using Claude Code and ChatGPT, with testing, debugging and deployment troubleshooting for reliable live operation.

DESIGN & PRODUCTION TOOLS

Adobe Photoshop | Illustrator | InDesign | Acrobat | CapCut | WordPress

EDUCATION

Bachelor of Engineering in Mechatronics Engineering

Mansoura University | Al Dakahlia, Egypt

ADDITIONAL LEADERSHIP

UCCD Internship | USAID-Funded Project

University Center for Career Development

Led a 15-member media committee, developed monthly social media plans and coordinated events and volunteers. Guided approximately 100 students weekly through course enrollment.
